DJBAG Comfort Large: is a shoulder strap bag for Medium-Large DJ controllers. The controller bag allows you to carry with you the most necessary equipment for complete and comfortable work. The main compartment features high-density perforated foam, which protects the jogs, faders and buttons of equipment of various sizes. On the walls of the bag a 1.5 mm thick plastic circle and 10 mm EVA foam are used, which will reliably protect your equipment from external influences. For internal fixation of the equipment, there are 4 dense inserts 20 mm thick and covered with Crystal Velvet.
